

Southwest Service Route

- Proposed Recommendations:
 - Create a service route designed to specifically serve the shopping and social service needs of Ithaca residents. The service route would operate 3 trips in the early afternoon to connect the Commons, Titus Towers, shopping, Tompkins Community Action (TCA), and Spencer Road. This route also provides mid-day service to shopping on Elmira Road south of Wal-Mart (provided during peak hours with the Rt. 67).

- Changes as a Result of Public Input:
 - This service route was created directly from public input, namely the desire to maintain additional mid-day service to areas southwest of Walmart that are currently served by the existing Rt. 15 throughout the day and the Rt. 67 during the morning and afternoon. The service route schedule is created to accommodate the hours of the food bank at TCA and Titus Towers residents' preferred shopping schedule.
